INT'L ACADEMY

 +2: HETAUDA SCHOOL OF  
MANAGEMENT AND  
SOCIAL SCIENCE.

# ROHAN CHAULAGAIN

## BASIC

Being a tech-lover from the very childhood, I was always fascinated towards IT sector. With a dream of becoming a Full stack web developer, I constantly worked hard to accomplish that dream. Till now, I have almost 1 and half year of experience working with python's framework Django along with HTML, CSS, JS, MySQL and Java. I've been looking for a company that prioritizes quality over quantity and pushes people to advance.

## EXPERIENCE

*April 2017 to July 2017*

- Completed course in Photoshop.
- Completed basics of Graphic designing.
- Learnt about computer Hardware.

*November 2019 to September 2021*

- Designed a user friendly Desktop calculator by using Python.
- Created an Employee management application (desktop) for an organization.
- Created a database management system for Software company.
- Built my own homestay website, NEP-STAY.
- Participated on a group project named Easuadi which is an eMedical website.
